National Federation of Independent Business/Save America's Free Enterprise Trust (C00101105)

July Monthly Report (06/01/2011-06/30/2011)

We are currently working with our compliance software vendor to comply with the request of the FEC to identify the original contributors for refunds of business contributions disclosed on Schedule B.

Until we are able to make these changes in our electronic filing of our reports, we will file a Form 99 along with each report in order to provide the requested information and comply with the commission's request.

Please contact us with any questions.
